

Special Meeting of the Board of Directors

9751 Merced Falls Road
November 12, 2018 at 1:00 p.m.

This Meeting replaces the November 19, 2018 Regular Board Meeting

Mission Statement: *The Lake Don Pedro CSD is dedicated to providing our customers with ample quantities of high quality water meeting all standards, in a fiscally responsible manner.*

AGENDA

1. **CALL TO ORDER:** Presiding Officer: Establish Quorum, Pledge of Allegiance:
2. **PUBLIC COMMENT:**
Any person may address the Board at this time on any matter within the jurisdiction of the Board that is NOT ON THE AGENDA. A maximum of **three minutes** is allowed each person and a maximum of 20 minutes per topic. Any person wishing to address the Board on an item ON THE AGENDA will be given the opportunity at that time. Speakers are encouraged to consult District Management or Directors prior to agenda preparation regarding any District matters, as no action will be taken on non-agenda issues.
3. **PRESENTATION ONLY:**
 - a. Presiding Officer's Report
 - b. General Manager's Report: Peter J. Kampa
 - c. Chief Plant Operator's Report: R. Gilgo
4. **APPROVAL OF CONSENT AGENDA:** The following items may all be approved in one motion or considered separately as determined appropriate by the President
 - a. Read and file the October 2018 Treasurer's Report including summary of claims paid
 - b. Approval of the Minutes of the Regular Meeting of October 15, 2018
5. **DISCUSSION AND ACTION ITEMS**
 - a. Consideration of the Requirements of the Mariposa County Local Agency Formation Commission (LAFCO) for District acceptance and operation of the Don Pedro Wastewater Collection and Treatment Systems.
6. **ADJOURNMENT:**

Meeting agendas and written materials supporting agenda items, if produced, can be received by the public for free in advance of the meeting by any of the following options:

- A paper copy viewed at the District office, 9751 Merced Falls Rd., La Grange, CA 95329 during business hours or mailed pursuant to a written request and payment of associated mailing fees
- An electronic copy received by email. Note - a form requesting email delivery of agendas and/or meeting materials must be completed a minimum of one week in advance of the meeting
- Viewed on the Board page of the District's website
- A limited number of copies of agenda materials will also be available at the meeting

Americans with Disabilities Act Compliance: If you require special assistance to participate in Board Meetings, please contact the LDPCSD Board Secretary at (209) 852-2251 Ext. 2. Advance notification will enable the District to make reasonable arrangements to insure accessibility.

LAKE DON PEDRO COMMUNITY SERVICES DISTRICT

OPERATIONS MANAGER REPORT

Board of Directors Meeting
Monday, November 12th 2018

Treatment Operations – The plant has continued to operate well with no problems to report at this time.

Plant Maintenance – Maintenance included daily cleaning and calibrating of all our process analysis equipment, chemical injection pump maintenance and filter pump/motor maintenance. Staff will drain and clean the flocculation basin in the next week or two. During that time we will also drain the filters and do a quick visual inspection.

Water Distribution System - In the distribution system, staff performed site inspections for all facilities and conducted manual reading of all remote tank/pump site meters and gauges.

In available time, Jose is still working with the office and continuing to replace/reprogram meters and transmitters that have been reading incorrectly and manually reading meters from the list generated by the office staff that have had zero readings for extended periods of time.

Intake – The leak that was reported in the raw water main running down Barret Entrance Rd. is tentatively scheduled for Thursday the 15th with PG&E and Njirich.

As of the time of writing this report I have not been able to get a hold of F&S houseboats and haven't been able to for the last 3 weeks so as of now there is no progress to update on the status of the barge at this time.

Wells – During remote readings I had discovered that Ranchito #2 had a gate valve that was broken in half and was leaking badly leaving this well temporarily inoperable. Staff will repair the well piping and replace the broken valve as soon as we receive 3 more flange gaskets and make Ranchito #2 operational again.

Customer Service - In customer service, staffs remaining available time was spent responding to customer service requests and work orders that included meter lock offs and unlocks, meter read requests, meter install or removals, leak identification and underground service alerts.

Randy Gilgo
Water Operations Manager/Chief Operator
Lake Don Pedro C.S.D.

LAKE DON PEDRO COMMUNITY SERVICES DISTRICT

Treasurer's Report

Reporting Period: October 2018

The district ended the month of October 2018 with the following balances in our accounts:

* All bank accounts verified against bank statements

Regular Meeting Minutes of the Board of Directors

9751 Merced Falls Road
October 15, 2018 at 1:00 p.m.

1. **CALL TO ORDER:** Presiding Officer: Establish Quorum, Pledge of Allegiance:
The Board of Directors of the Lake Don Pedro Community Services District held a regular meeting at 9751 Merced Falls Rd., La Grange, CA 95329.
Vice President Hankemeier called the meeting to order at 1:00 a.m.
Directors present: Hankemeier, Warren, Ross, Sperry
Director absent: Johnson
Also present: GM P. Kampa
Also present: Staff S. Marchesiello
Also present: Staff R. Gilgo

2. **PUBLIC COMMENT:**
The Board received one public comment

3. **PRESENTATION ONLY:**
 - a. Presiding Officer's Report
None given at this time

 - b. General Manager's Report: Peter J. Kampa
Presented by GM P. Kampa

 - c. Chief Plant Operator's Report: R. Gilgo
Presented by GM P. Kampa

4. **APPROVAL OF CONSENT AGENDA:** The following items may all be approved in one motion or considered separately as determined appropriate by the President
 - a. Read and file the September 2018 Treasurer's Report including summary of claims paid
 - b. Approval of the Minutes of the Regular Meeting of September 16, 2018

Motion: To approve the consent calendar with corrections

Votes: Carried 4-0

First: Ross Second: Warren

Ayes: Ross, Warren, Hankemeier, and Sperry

Absent: Johnson

5. DISCUSSION AND ACTION ITEMS

- a. Adoption of a Resolution Accepting Dedication of the water system improvements to serve the Dollar General store Located on Las Palmas Way at Hwy 132 - CD DG La Grange, LLC

No action taken

- b. Review and direction regarding the existing agreement with Lake Don Pedro Owners Association for the use and maintenance of Gregoris Pond.

Motion: To approve the recommended motion to direct staff to negotiate a revised agreement

Votes: Carried 4-0

First: Ross Second: Warren

Ayes: Ross, Warren, Hankemeier, and Sperry

Absent: Johnson

- c. Adoption of a Resolution declaring certain District property as surplus and directing their sale by public bid

Motion: To approve the resolution declaring certain District property as surplus excluding the 1999 Townmaster T10DD Carrier Trailer and including the barge trailer, and directing their sale by public bid

Votes: Carried 4-0

First: Hankemeier Second: Ross

Ayes: Hankemeier, Ross, Warren, and Sperry

Absent: Johnson

- d. Review and direction regarding the District Standby (Availability) charge and direction regarding the applicability of the charge to all vacant parcels within the district

Motion: To approve recommended motion to direct staff to prepare a plan for implementation of availability fees for all vacant parcels with in the District boundaries and return with recommendations.

Votes: Carried 4-0

First: Hankemeier Second: Warren

Ayes: Hankemeier, Warren, Ross, and Sperry

Absent: Johnson

- e. Report on the status of completion of the State Water Resources Control Board's evaluation of the Merced Irrigation District's Place of Use boundary for Water Rights License 11395.

Information Only

6. ADJOURNMENT: 2:46 p.m.

Respectfully submitted by,

S. Marchesiello
Board Secretary

Lake Don Pedro Community Services District
Special Meeting of November 12, 2018

AGENDA SUPPORTING DATA

5. DISCUSSION AND ACTION ITEMS

Consideration of the Requirements of the Mariposa County Local Agency Formation Commission (LAFCO) for District acceptance and operation of the Don Pedro Wastewater Collection and Treatment Systems.

Recommended Action

Provide direction to District management regarding the potential acceptance of the wastewater system.

Background

When the CSD was formed in 1980, it was planned that the Don Pedro Sewer Zone would become part of the CSD assets, for future operation and maintenance. The sewer system was under state orders to improve for many years and has since come in compliance with the state requirements. Attached is a report from LAFCO in 20008 detailing the matter. Also attached is a letter from the District to the county related to future ownership of the system.

We are being contacted by the county to begin discussions of the wastewater plant and system, and this agenda items is intended to discuss and inform our position in this regard.

5. County Services Area 1M – Sewer Zone No. 1 (Lake Don Pedro Wastewater Services Area)

5. A. Background

5. A. 1 Formation and History

The Lake Don Pedro County Service Area was formed pursuant to the “County Service Area Law” described in Government code Section 25211.01 through 25211.33 on July 1, 1969 by Resolution No. 69-68 of the Mariposa County Board of Supervisors. The District initially included the area covered by the Don Pedro Subdivision Map 1-M, and was referred to as “County Service Area 1-M” (CSA-1M).

In January, 1973, the Mariposa County Board of Supervisors established County Service Area 1-M/Sewer Zone No. 1 (CSA1-M/SZ1), which is covered by this MSR. County Service Area 1-M was subsequently modified to include County Service Area 1-M/Coulterville Water and Wastewater (discussed in Section 6 of this Report), and County Service Area 1-M/Mariposa Pines (discussed in Section 7 of this Report). A report on Local Government Organizations in Mariposa County was prepared for LAFCo in December of 1985, and this report noted that it appeared to be the intent of LAFCo to treat CSA 1-M as a County Wide Service Area with “Benefit Zones.” However, the December 1985 report concludes that the record does not reflect that this intention was ever formalized by LAFCo. The Mariposa County Board of Supervisors serves as the Board of Directors of County Service Area 1-M and CSA1-M/SZ1.

The following information is provided as a point of reference for the Lake Don Pedro Community Services District (LDPCSD). It was formed in August, 1980. In August, 1987 LAFCo adopted Resolution 87-3 approving the SOI for the LDPCSD. The SOI includes that property currently within the CSA1-M/SZ1. Other than wastewater services managed by CAS1-M /SZ1 by Mariposa County, the LDPCSD presently provides only water services within the existing LDPCSD boundaries shown on Exhibit B. A separate MSR will be prepared for the LDPCSD with respect to the water services that they provide.

A new wastewater treatment plant has recently been constructed for CSA1-M/SZ1. The Mariposa County Board of Supervisors and the LDPCSD currently has an agreement that the wastewater services provided by CAS1-M/SZ1 will be turned over to the LDPCSD for operation and management.

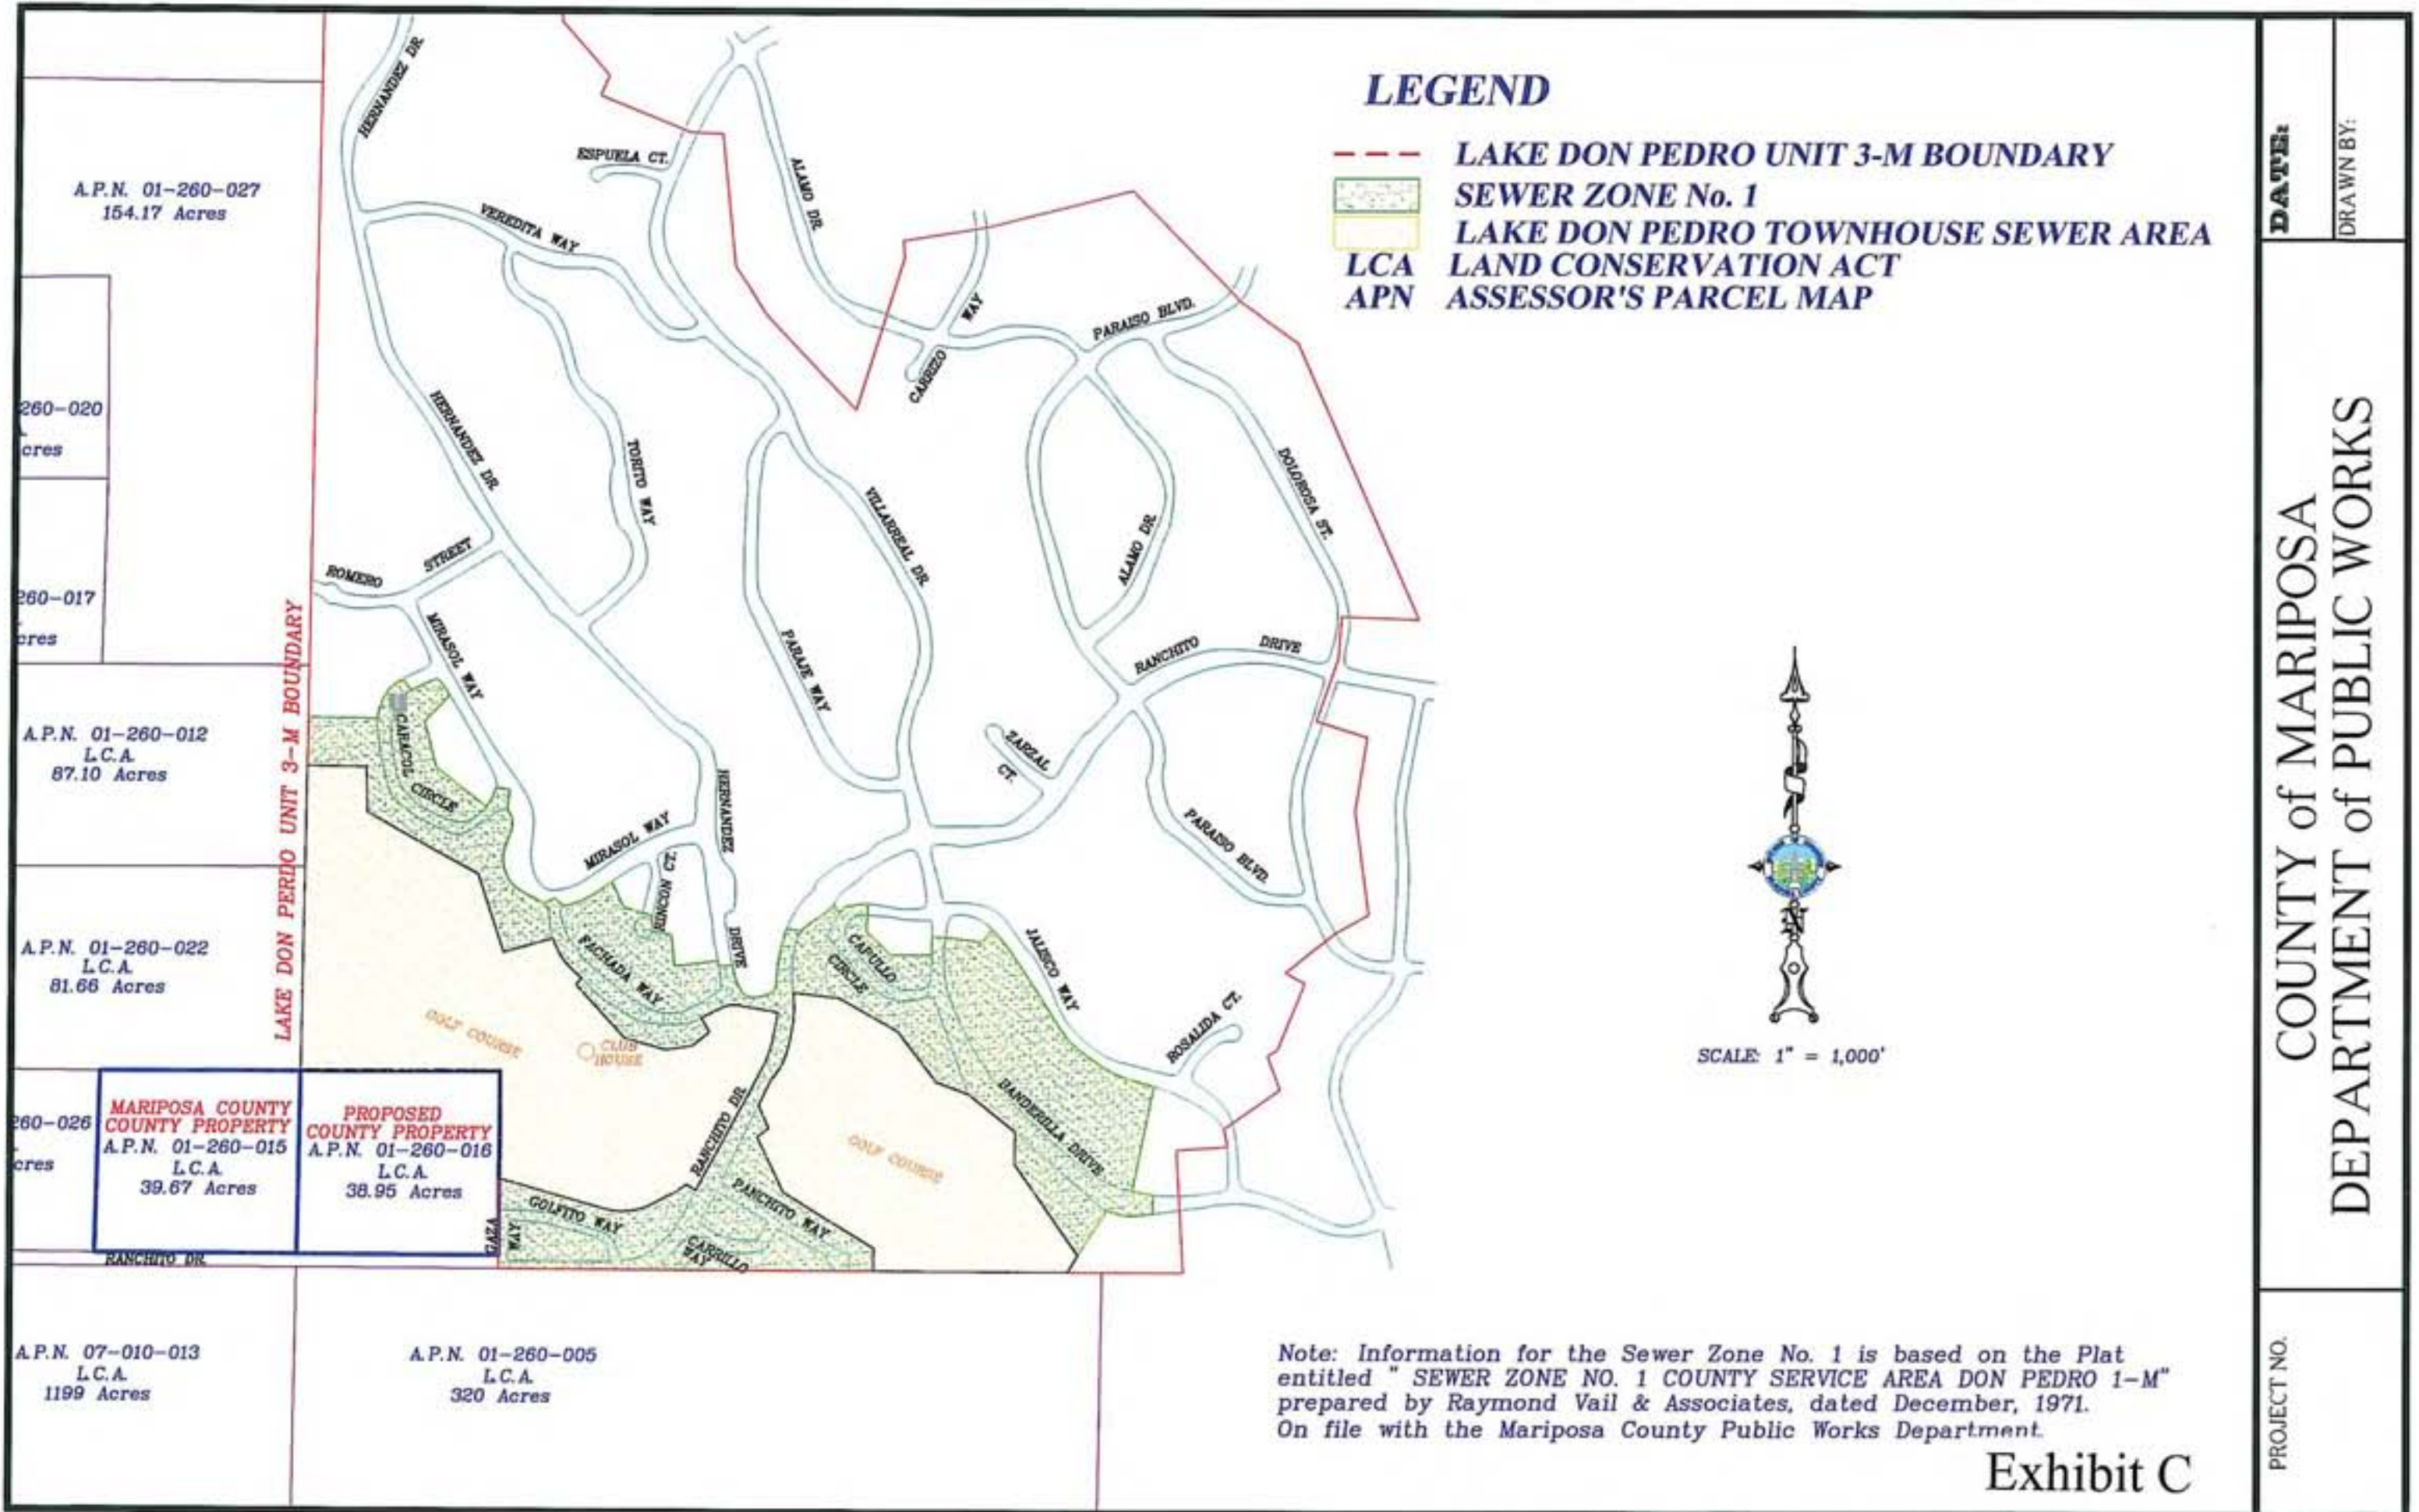

Exhibit B

DATE:

DRAWN BY:

COUNTY of MARIPOSA
DEPARTMENT of PUBLIC WORKS

PROJECT NO.

Exhibit C

5. A. 2 District Boundaries and Service Areas

The boundaries for CSA-1M/SZ1 are shown on Exhibit C. The area encompasses approximately 135 acres of land in the Lake Don Pedro area providing wastewater services to residential development, and the Lake Don Pedro Golf course and resort development.

As noted above, the wastewater treatment system is currently administered by Mariposa County. Based upon past agreements, the wastewater system will eventually be managed and operated by the LDPCSD. The County Public Works Department is working with the LDPCSD to provide for a transitions of the treatment facilities operations.

5. A. 3 Existing Sphere of Influence

A SOI has been adopted for the LDPCSD, of which the CSA1-M/Lake Don Pedro Wastewater Service Area is a part thereof.

5. A. 4 Customers

The customers of CSA1-M/SZ1 are located within a portion of the original Lake Don Pedro Subdivision Map 1-M, and are provided wastewater services only. Any property within the Service Area boundary, developed or vacant, is a customer. The new wastewater treatment plant was designed to accommodate all customers in the Service Area.

5. A. 5 Collection, Treatment, Storage, Distribution and Disposal Systems

The current collection system is composed of approximately 28,300 feet of 4 inch and 6 inch sewer mains, with 71 manholes for access and maintenance. There are seven (7) lift stations in the collection system. A new wastewater treatment plant has been installed to serve the customers in the Service Area. The facilities for treatment include one storage reservoir, an aeration basin, and a clarifier. The system uses a spray field for final disposal of the liquids, and a drying bed for solids.

5. A. 5 Capital Improvement Plans

There are no current capital improvement plans for CSA/SZ1. Mariposa County recently completed the construction of a new sewer treatment plant.

5. A. 6 Financial Overview

The Service Area is funded by fees collected for the wastewater services provided, and a small portion of the general sates tax revenue of Mariposa County. The fees and taxes

collected cover the general expenses and maintenance costs of the Service Area. No Mariposa County general funds are used to finance the Service Area. There is a small reserve to cover unanticipated costs. The Service Area is financial stable, based upon the two most recent budget and annual reports prepared by the Mariposa County Auditor.

5. B. Sphere of Influence

5. B. 1 Proposed SOI Change

As noted above, the ~~CSA CAS-1M/SZ1~~ is within the SOI of the LDPCSD. The wastewater treatment plant providing services to the CSA1-M/SZ1 will be taken over by the LDPCSD for operations and management, and is already within both the District boundaries and the SOI of the LDPCSD. No changes are necessary to the SOI at this time. A separate MSR will be prepared for the LDPCSD.

5. B. 2 Consistency with General Plan Policies

The properties within CSA1-M/SZ1 are identified in the Mariposa County General Plan as a Planning Study Area. The properties are zoned for Rural Residential, 2.5 acre minimum, and as a Planned Development Zone in the area of the Lake Don Pedro golf course. All of the residential parcels are below current County minimums for parcel size. The Lake Don Pedro area is a large area of small lot residential development that has already been subdivided by actions prior to the adoption of the current Mariposa County General Plan. Many of the residential properties are legal non-conforming parcels due to parcel size. The wastewater treatment provided by the Service area is for a small portion of the overall Lake Don Pedro Planning Study Area. Further subdivision of the residential parcels in the Service Area boundaries is not possible. The new wastewater treatment plant has been designed to provide capacity for the existing development and the undeveloped or vacant lots within the Service Area based upon the current General Plan Land Uses and Zoning only.

5. B. 3 Future Capacity

The new wastewater treatment plant was designed based upon the existing parcels and development in the Service Area boundary. The design capacity includes both existing development, and the potential development of vacant parcels. The treatment plant, therefore, has sufficient capacity to accommodate all of the current properties, based upon existing land use and zoning, within the Service Area.

5. C. Determinations

LAFCo must prepare a written statement of its determination based upon six items required by the CHK Act, subsequent amendments, and the Office of Planning and Research Guidelines. The CHK Act was amended by Assembly Bill 1744, and signed

into law by the Governor in September, 2007. This section will address each of the six items as they relate to CSA 1-M, Lake Don Pedro Sewer.

5. C. 1 Growth and Population Projections

LAFCo needs to determine whether service/utility districts are working towards the implementation of adopted land use plans, or whether they are inducing growth in areas not intended to be urbanized.

The property in the Service Area is currently in a Planning Study Area. The residential properties cannot be further subdivided based upon the existing land use and zoning for the area. Further, the wastewater treatment plant has been designed to only provide enough capacity for the existing developed and vacant lots, based upon the existing land use and zoning. The wastewater services provided by the Service Area will not induce growth in the areas not intended to be urbanized.

5. C. 2 Present and Planned Capacity

LAFCo needs to determine whether the present and planned capacity of facilities and the adequacy of services, including infrastructure needs and deficiencies are being provided for by the service/utility district.

The existing (new) wastewater treatment plant was designed to meet the present needs, and to provide sufficient capacity for the development of existing properties based upon the current land use and zoning within the Service Area. Therefore, the Service Area has both enough capacity for the present, and can provide sufficient capacity for the planned development in the area.

5. C. 3 Financial Ability to Provide Services

The service/utility districts ability to finance and provide services needs to be determined by LAFCo. This determination should include a review of financing constraints and opportunities.

The Service Area is meeting its financial ability to provide services. The current fees, assessments, and a very small portions of the County sales- property tax cover the current operating and maintenance expenses of the Service Area. The County produces an annual report of all Service Areas within the County. The County Auditor's Office and the Public Works Department are constantly monitoring expenses in relationship to fees and taxes collected to ensure that the Service Area is operating within existing revenues. The Service Area is able to provide services within its existing financial ability. No general fund revenues are required to operate the Service Area.

The Service Area is always facing the potential for increases in costs as a result of inflation or unexpected needs as a result of equipment failures. The current fees,

assessments and taxes provide a sufficient revenue base to cover these costs. As needed, the Service Area can increase fees to cover costs in the future.

5. C. 4 Status and Opportunities for Shared facilities

Sharing facilities between service providers may result in reduced service costs. LAFCo needs to determine whether sharing facilities between providers, and utilizing excess capacity is possible, and if it can avoid service duplication, reduces costs, and minimizes unnecessary resource consumption.

The CSA1-M/SZ1 is located within the boundaries and SOI of the LDPCSD. The LDPCSD does not have wastewater facilities in the area that could be shared with CSA1-M/SZ1. The current agreement between Mariposa County and LDPCSD is that the wastewater facilities presently owned and operated in CSA1-M/SZ1 will be transferred over to the LDPCSD for future management and operation. This will consolidate the water and wastewater services within the LDPCSD into one operational and administrative public agency.

5. C. 5 Accountability of Community Service Needs

The accountability of the service/utility district to the community and its service needs must be determined by LAFCo.

At the present time the CSA1-M/SZ1 is represented by the Mariposa County Board of Supervisors. The Board of Supervisors hold meetings regularly, and members of the public, which would include property owners with the CSA1-M/SZ1, can be heard by the Board of Supervisors as either a scheduled matter, or as a matter not on the agenda. Further, the Board of Supervisors is elected by district, and each District Board member is available for contact by the constituents in their District.

Mariposa County has recently made a capital investment in the upgrade of the CSA1-M/SZ1 wastewater treatment plant. The upgrade will provide increased service to the area served. It will also provide for a long term service needs of the community.

5. C. 6 Other Matters Related to Effective and Efficient Service Delivery

LAFCo needs to make a determination regarding other matters that would be related to the specific effectiveness and efficiency of the service/utility district that are not covered by the preceding five determinations. This determination provides LAFCo with the opportunity to evaluate the service/utility district based upon any special needs or circumstances related to the district.

There are no other matters that would relate to the effective and efficient delivery of services for the CSA1-M/SZ1.

January 22, 2003

Jim Petropulos
Mariposa County Public Works Director
4639 Ben Hur Rd.
Mariposa, CA. 95338

RE: Sewer System at Lake Don Pedro

Dear Mr. Petropoulos,

As you are aware when the Lake Don Pedro Community Services District was formed it was with the recommendation of Mariposa County LAFCO that the District would eventually take over the maintenance and operation of the sewer system located in the Don Pedro area. For various reasons, which need not be debated here, this never happened. The County is now in the process of replacing or rebuilding the sewer system to not only comply with state requirements but to be able to serve a greater number of customers.

It has been said that once the system meets state standards the District is/will assume responsibility for the maintenance and operation of the system. Assuming that this is correct, on behalf of the Lake Don Pedro Community Services District I request that the District be included in any decisions concerning the planning and financing of the system.

Your cooperation on this matter is greatly appreciated and I look forward to hearing from you.

Sincerely,

Bob Kent
General Manager

cc: Fred S. Solomon
